Overnight, they're all gone. If you happen to have a coffee machine that takes 7-Eleven's preprogrammed milk dispensers, you'll be able to get your hands on a pre-programmed milk, ready to go. If you're at all interested, you'll find their timeline on their FAQ page. Basically, the 14,000 already preprogrammed mugs are purchased one-by-one, after which they're stored in a secure location. A select number of them are then sent out to customers, in batches, making it virtually impossible to get one without having already preordered one. (7-Eleven sells them via its website.) If you're looking for a human touch — or even wanting the chance to see the designer-printing process — you'll also be able to have your mug personalized by one of their in-house artists. But if you're not willing to wait in line for one, there are still choices. While 7-Eleven itself is sold out, you can shop for cups through other vendors on sites like Amazon.Wednesday, March 15, 2010 How to get your hair to grow by extension I've worked my way up to the "full-blown" extensions, and my results were pretty amazing. This post is a little crash course on how to have your own solution for smooth, bouncy, healthy locks. When you get your hair out of the shower, have it up in a bun, and then let it down, grab a strand and let it dry. If it feels limp and lifeless, you'll need to treat it. It's much easier to fix it at this stage than it is when it's dried and sitting on your head. The first thing you'll notice is that it's all rather limp. So don't be alarmed - it's not lifeless, it's a symptom of being wet. The next thing you may notice is how it's thick and knotted (or that the knots are part of the hair rather than the knots of hair). Sometimes this is more of a nuisance than anything, especially when you remember that you
