if you're like me, you have a lot of files in your mastercam organizer. whether you're working in an older version of mastercam or you've recently upgraded, we have a solution for you. we will remove all your unnecessary files and make your organizer more manageable. our online courses are designed to teach you mastercam in a very cost effective way. instead of being forced to learn by watching an instructor or by reading pages and pages of content, you learn by doing. our proven system provides you with the opportunity to learn at your own pace and at times that best suit you. some people learn best in the morning, others learn best at night. some like to learn on a saturday afternoon with their favorite music playing, while others like to learn in a quiet environment. more.. give your shop the best possible foundation for fast and efficient milling. from general purpose methods such as optimized pocketing to highly specialized toolpaths like 5-axis turbine cutting with mastercam mill your parts are produced faster with greater accuracy quality and repeatability. that's my only point: i want to help everyone who comes on this forum, but we also do our part to verify that every user, is a legal user. typically, we'll ask for a mastercam hasp number, and confirm that and the company name with cnc software. (there are many cnc software and in-house solutions moderators, with access to verify a user's information.) once that has happened, i think you'll find this is one of the most friendly and informative corners of the internet. so, welcome to the forum, and i hope you can get your license issues resolved and stick around. we give a ton of help away for free, but you basically came in here, and admitted to having software that isn't legal, and then brought christianity into it, which i found to be a little distasteful. i don't identify with your particular label, but i do identify as a christian. i praise your claim of faith, but i would ask you to look at your own behavior through my eyes, and tell me what you see a person is justified by their works, and not by faith alone. your actions will tell us your true intentions in the end, but i hope to welcome you as a contributor to our forum.
